

## How do I change my traveler information on Expedia? (Travelers!Details)

Many travelers often ask, **how do I change my traveler information on Expedia**, and the process depends on the type of booking you made, the travel provider's rules, and the specific changes you want to make to your reservation **+1-877-624-1038**. If you booked a flight through Expedia and need to update traveler details such as correcting a misspelled name, fixing a typo, or adjusting a middle name, you may be able to make minor edits online by logging into your Expedia account, locating your itinerary, and checking whether the "change" or "manage booking" option is available for your reservation **+1-877-624-1038**. For more complex corrections or legal name changes, such as after marriage or divorce, Expedia requires you to contact customer service, and in many cases, the airline will request supporting documents like a marriage certificate, divorce decree, or court order before approving the correction **+1-877-624-1038**. It is important to note that most airlines do not allow tickets to be transferred to another person, so while small spelling changes or legal updates are possible, you cannot completely change the name on a ticket and give it to someone else **+1-877-624-1038**. For hotel bookings made through Expedia, updating guest information is often easier, and most properties will allow corrections to the primary guest name as long as the request is made before check-in, but rules vary by hotel and cancellation policies should be reviewed carefully **+1-877-624-1038**. If you booked a vacation package, car rental, or activity through Expedia, changes to traveler information may require additional coordination with the service provider, so contacting Expedia support directly is the best option to ensure your details are updated correctly **+1-877-624-1038**. In all cases, calling Expedia's customer service team is highly recommended if online options are unavailable, as agents can work with airlines, hotels, or other providers to attempt corrections on your behalf **+1-877-624-1038**. Travelers should also be aware that some changes, especially for flights, may involve additional costs such as reissue fees or fare differences, particularly for international tickets where names must exactly match the passenger's passport **+1-877-624-1038**. If you purchased a Basic Economy or deeply discounted ticket, name changes and traveler information updates may not be possible at all, and your only option could be to cancel and rebook depending on the airline's policy **+1-877-624-1038**. For the smoothest experience, always double-check the spelling of names, birth dates, and traveler details at the time of booking to avoid last-minute stress or costly corrections **+1-877-624-1038**. Overall, the answer to **how do I change my traveler information on Expedia** is that you can often make minor corrections online, but major updates require contacting Expedia's customer service, and all changes are subject to the rules of the airline, hotel, or service provider you booked with **+1-877-624-1038**.
