

# Iberia name change policy

Many passengers search for details about the **Iberia name change policy**, and understanding how it works is essential since Iberia, like other major international airlines, has strict guidelines to ensure that the passenger's name on the booking matches the passport or government-issued ID exactly **+1-877\_(624)\_1038**. The policy allows **minor corrections**, such as fixing small spelling mistakes, adjusting misplaced letters, or correcting typing errors, which can usually be processed with minimal or no additional cost depending on the fare type and where the booking was made **+1-877\_(624)\_1038**. However, Iberia does not permit tickets to be **fully transferred** to another passenger, meaning the ticket remains valid only for the original traveler, and the name cannot be changed to someone entirely different **+1-877\_(624)\_1038**. For **legal name changes**, such as those caused by marriage, divorce, or a court order, Iberia requires official documents like a marriage certificate, divorce decree, or court-issued order to support the correction, and in such cases, the ticket may need to be reissued with potential fare differences and reissue fees applied **+1-877\_(624)\_1038**. Passengers can request name changes through Iberia's official website, customer service team, or at an airport ticket counter, but if the booking was made through a travel agency or third-party platform, the request must often be processed by the issuing source first before Iberia finalizes it **+1-877\_(624)\_1038**. Since international regulations require exact name matching between the ticket and passport, even minor discrepancies could result in denied boarding, additional security checks, or delays at immigration, making it important to correct errors as early as possible **+1-877\_(624)\_1038**. The **fees for name changes** vary depending on the ticket type and how significant the correction is, with minor adjustments often processed for free or at a small fee, while major legal updates may require the ticket to be reissued under stricter rules **+1-877\_(624)\_1038**. Iberia strongly recommends that passengers carefully check all booking information at the time of purchase to avoid costly or stressful last-minute corrections before departure **+1-877\_(624)\_1038**. In cases where Iberia makes changes to a passenger's flight schedule, the airline typically allows more flexibility, but name corrections are still the traveler's responsibility to request proactively **+1-877\_(624)\_1038**. Overall, the **Iberia name change policy** is designed to balance flexibility for genuine corrections while maintaining security and compliance with international travel standards, and by acting quickly, providing proper documentation, and understanding fare rules, passengers can ensure their travel information is accurate and avoid disruptions at the airport **+1-877\_(624)\_1038**.
