

## How do I change my name on my Iberia account? ((Official\_Detail))

Many frequent flyers ask **how do I change my name on my Iberia account**, and the process is straightforward but requires specific steps depending on whether you are updating your Iberia Plus loyalty account, correcting minor errors, or changing your legal name due to marriage, divorce, or court proceedings **+1-877\_(624)\_1038**. If the update involves **minor corrections**, such as fixing a typo, adjusting a misplaced character, or correcting a small spelling mistake, you can log in to your Iberia Plus account on the official website or mobile app, navigate to your profile settings, and submit the correction request online, where it will be reviewed by Iberia's support team **+1-877\_(624)\_1038**. For **legal name changes**, Iberia requires documentation such as a marriage certificate, divorce decree, or a court-issued name change order, and passengers must contact Iberia Plus customer service directly to provide these documents so that the account can be updated to reflect the legal name change accurately **+1-877\_(624)\_1038**. It is important to note that updating your Iberia Plus account name does not automatically update the name on existing flight bookings, so if you also have active reservations, you may need to request name corrections separately under Iberia's ticket name change policy to ensure the booking matches your passport or government-issued ID **+1-877\_(624)\_1038**. Iberia does not allow full transfers of accounts or tickets to other passengers, so all updates must apply only to the original account holder or traveler **+1-877\_(624)\_1038**. To request assistance, passengers can contact Iberia Plus customer service by phone, submit a support request online, or visit an Iberia office for in-person support if necessary, though most account updates are handled digitally for faster processing **+1-877\_(624)\_1038**. Processing times vary, but simple corrections are often completed quickly, while legal name changes may take longer since documentation must be reviewed and verified by the Iberia support team **+1-877\_(624)\_1038**. Travelers are advised to make these updates well in advance of booking flights, since international travel requires the passenger's name on the booking to match the passport exactly, and mismatched details could lead to denied boarding or issues at immigration **+1-877\_(624)\_1038**. The **fees for name changes on an Iberia Plus account** are generally not applicable since updating account information is free, though if linked tickets need to be reissued due to a legal name change, reissue fees and fare differences may apply **+1-877\_(624)\_1038**. Iberia emphasizes the importance of keeping loyalty accounts updated because points, miles, and rewards are tied to the passenger's name, and discrepancies could prevent you from using your benefits during booking or check-in **+1-877\_(624)\_1038**. Overall, the process of **how to change my name on my Iberia account** is simple when handled promptly, and by submitting valid documentation, using the official Iberia Plus portal, and contacting support when needed, passengers can keep their accounts accurate and ensure a seamless travel experience with Iberia **+1-877\_(624)\_1038**.
